

Offering

- Professional agile software development teams with international experience
- Supporting selected key technologies:
 - Backend – Java, C#.NET, Node.js, Python
 - Frontend – React, Angular
 - Mobile apps – native or hybrid (React Native, Xamarin)
 - Embedded and IoT – C/C++/Go, JavaScript
- The team does not need micromanagement unlike bodyshopping or contractors
- Start small, grow big

Basic info

- 23+ years in business – mostly USA customers
- 90+ employees, 70% with Master Degree
- Fluent in English
- Offices in Brno and Ostrava

Company Values

- **S**tability
- **D**ependability
- **E**xcellence

Vision
